**Test Session and Critique:** upcoming this Sunday the 24th.

**Scholarships:** If anyone wants to be on a scholarship committee to help plan club policy for distribution and production of scholarship money within the club, please contact a board member.

**Planning** for the season has been accomplished. We have for you and your skaters at this point five test sessions, five social events, and five club ice sessions including the exhibition in September. It should be a good year. Spread the word of the benefits to being part of the BFSC!

**Committees:** Several spots are still available with various levels of responsibility and time commitment. The club cannot function without YOU!

**Board Position:** There is one director position open. Please contact Christina if you are interested in serving in this capacity.
